EXPLANATION OF NOTIFICATION

Maritime Communications/Land Mobile, LLC (MC/LM) hereby explains its instant spectrum lease notification. An error in the Universal Licensing System (ULS) prevents MC/LM from accurately notifying the Commission of the exact nature of its lease of Spectrum to Duquesne Light Company by the ordinary means. MC/LM explains the ULS error and the actual nature of the lease.

Although ULS should permit MC/LM to notify the Commission of the lease of less than its entire authorized band of spectrum, ULS is not configured to allow MC/LM to notify the Commission of the lease of sub-bands. Further, there is an error in ULS which prevents MC/LM from leasing its entire authorized band of spectrum. MC/LM has clicked the only spectrum band offered by ULS, but here notifies the Commission of the lease to Duquesne Light Company of only the following sub-bands:

217.0000 to 217.0500 MHz	219.0000 to 219.0500 MHz
217.0625 to 217.1125 MHz	219.0625 to 219.1125 MHz
217.1250 to 217.1750 MHz	219.1250 to 219.1750 MHz
217.1875 to 217.2375 MHz	219.2375 to 219.2375 MHz
217.2500 to 217.3000 MHz	219.2500 to 219.3000 MHz

As presently configured, ULS allows MC/LM to lease only the band 217.0125 MHz to 217.9875 MHz. The lower and upper bounds of Block B should be 217.0000 MHz to 218.0000 MHz. It appears that the ULS programmer referred to the table of standard carrier frequencies (center frequencies) at 47 C.F.R. §80.385(a)(2) and mistook the upper and lower center frequencies for the limits of the Block A frequency band. The center frequencies listed at Rule Section 80.385(a)(2) are spaced at 25 kHz intervals based on an assumption that the licensee would use channels having a 25 kHz bandwidth. The listing of the center frequencies necessarily implies that the limits of the frequency block are 12.5 kHz below the lowest listed center frequency and 12.5 kHz above the highest listed center frequency. MC/LM requests correction of ULS to allow MC/LM to notify the Commission of lease the extremes of frequency band when MC/LM enters into such a lease.

Subject: Notify Channel 13

Dear Les,

Please send this letter to the local Channel 13 TV station, as required by the FCC rules, prior to turning on the equipment. We are required to notify them when any new channels are turned on or changes made.

If you don't mind, please send me a bcc: for my files. And as always, let me know if you have any questions.

Kind wishes,

John

John,

We should be nearing the end of the 21 day time period shortly. Will you or Curt notify us when we are free to begin working with the radio frequencies?

Dear Lesley,

We filed the attached lease notification, in order to get the ball rolling with the FCC. We can always retract or amend these if you wish. But they reflect the lease of the channels involved in the sale of the license to Duquesne.

We will prepare the assignment paperwork separately and send that to you soon. Please call or email me with any questions.

Thanks,

John

Dear Lesley,

Curt Brown confirmed that the 21 day period has indeed passed and you can begin operating today. Thanks.

He also is finishing today our half of the application for conversion to PMRS status from CMRS and our half of the assignment application. I have asked him to send your half to you so you can complete it, return it to him, and he can file it, maybe as early as Friday.

Best,

JR

John,

I will be out of the office tomorrow and DLC is closed on Friday. If Curt can finish the application and send it to me on Monday, that would be great.
